The parent of the above-identified patent application, i.e., U.S. Patent Application Serial No. 10/017,892 (pending), was subjected to a Restriction Requirement by Examiner Connie C. Yoha in Paper No. 7 of the parent application mailed September 10, 2003.

Restricted claims 14-19 from the parent application are incorporated in the present divisional application as claims 1-6 in the present application. Applicant contends that all claims find support in the original priority document as filed, and therefore, that the present claims do not constitute new matter.

The Examiner is invited to contact the below-signed attorney if he might be of assistance in this matter.

Respectfully submitted,

Date: 2/27/04
